## GENOA CONGRESS CENTRE

Few European convention centres can boast such an attractive setting as the old Magazzini del Cotone, or cotton warehouses, situated on the docks in the old port area. This is the heart of Genoa and its medieval quarter, perhaps the liveliest district in town, which was masterfully redeveloped and restored in 1992 by world famous Genoese architect Renzo Piano. The Porto Antico area is the ideal venue for conferences, meetings and other events, all just a few minutes walk from Genoa's historical town centre.

# GENOA: BETWEEN THE MOUNTAINS AND THE SEA

Genoa, one of Italy's most charming and picturesque cities, will offer participants a unique opportunity to combine business with pleasure. A city where elegant boutiques, antique small shops and lively street markets guarantee continuous surprises.

Genoa and the Liguria regions have so much to discover: nineteenth century neighbourhoods, fishing ports and seaside resorts to the east and west and towns and villages inland nestling in the foothills of the Alps. It is the perfect destination for those who enjoy the sea and sun, mountain air, fine wines and cuisine.

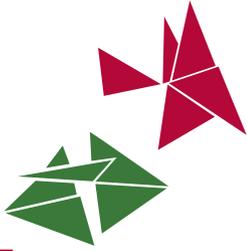

An up and coming conference destination, Genoa holds numerous international exhibitions and major fairs including Euroflora and the world renowned Genoa Boat Show. AEGPL is proud and honoured to bring the LPG sector to Genoa in 2014.
